### WON IN A WALK

The Anti-Fair Faction of the Kent Society

ELECTS ITS ENTIRE TICKET

By a Big Majority-But the Other Side Has the Cash and Refuses

to Disguege.

The anti-fair faction of the Kent society won in a walk yesterday. Auother chapter in the fair equabble was composed, but no blood was shed. The board of directors held its annual meeting in the office of Secretary Cox, in the forenoon, and the election of officers was held in President Anderson's office in the afternoon. In the morning the treasurer's report was read by Mr. Brewer. The report showed that \$6,818 reatsined in the treasury. The society owas its grounds and buildings uncumbered by debt and has personal property to the value of \$500 or more. During the year \$2,105 was expended. This was for the payment of debts contracted during the fair of 1891. About \$500 was taken in, in annual dues yesterday, making \$7,118 in cash in the treasury. As this faction of the society held no fair, there

faction of the society held no fair, there was no secretary's report.

The election, which was held from 3 to 5 was as full of ginger as a foot ball game. A large amount of ill feeling was displayed between the two factions, and rumors of scraps were numerous, but all the fighting was conducted under the Corbett-Mitchell rules, and nobody was hurt. There were two tickets in the field. One was the same as that elected at the Kent fair September 16.

The Tickets. It is as follows: For president, John H. Withey; for secretary, Ass W. Meech; for treasurer, Asron Brewer; for directors, Geo. M. Morse. Horace Davis, H. race Eichards, J. F. Trout, Nichel D. Emmons.

The other ticket was nominated by the faction that opposed the fair and was elected as follows: For president, Aaron Clark; for secretary, James Cox; for treasurer, Wm. H. Anderson; for directors; Charles W. Garfield, H. Gay-lord Holt, Niram A. Fletcher, Oscar F. Conklin, Lewis A. Solomon.

Both sides did all in their power to secure votes. "If a man is interested enough in the election to pay for more than one membership licket it is nobody else's business," in the way John H. Withey put it. "If a man pays a dollar he is a member, no matter where the dollar came out of his pocket or somebody else's."

The polis closed at 8 o'clock, and the board of inspectors, consisting of W. H. Anderson, A. F. Conklin, J. H. Paine and J. H. Withey, counted the ballots. It was found that 339 votes had been cast for the ticket nominated by the antifair party, and 129 for the ticket elected at the fair. The board of directors then held a meeting and declared the former.

Not Settled Yes. "That settles it." said one of the spectators, but Mr. Meech was of a different opinion. "It does not decide anything," he said warmly. "We held a fair last fall and a ticket was elected by a unanimous vote. If that ticket was illegally elected all the others have been, for that is the time at which we have always elected officers. We have the cash and do not intend to turn it over unless compelled to by the courts." The newly elected officers refused to say what they intended to do, or whether action would be brought to recover the money. "I think the accounts and the cash on hand will be turned over to us," was ex-President Anderson's only comment.

HARD AT THE ARGUMENT. The Leonard Case Will Go to the Jury Friday.

The arguments in the Leonard case are taking nearly as much time as the taking of testimony. Mr. McGarry, for the appellant, spoke from 10 o'clock yesterday morning until 3 o'clock in the afternoon, when Mr. Smiley took the floor and occupied the remainder of the day, and will continue today. Judge Morse will argue the law on the request to charge and then the judge will charge the jury. It is thought the case will not reach the jury before

The 2:15 passenger train, southbound, was obliged to back to the city on reaching the wreck, and all other trains were unable to pass during the afternoon and evening until 11 o'clock. The wrecking train was sent down at 4 o'clock and succeeded in clearing the track so that the 11 p. m. passenger train left on time. The accident was caused by the breakage or loosening of a brake beam under one of the cars. No one was hurt.
